Instead of sending a check you have the option of paying using PayPal. If you have a PayPal account the money can be transferred via your PayPal account. If you do not have a PayPal account a credit card can be used through PayPal.

The main District Convention web page has a link that will take you to the Payment page or you can click on the Pay Using PayPal menu option from any page.

Once on the Payment page, drop down the box with the fees and select the fee you would like to pay. After clicking the **Add To Cart** button a new page will open showing your cart with a total. From here click on one of the payment options under **Order Summary** to complete the transaction.

If you would like to pay for more than one item, click on the **Continue Shopping** link in the shopping cart and you will be returned to the Payment page to select another fee.

You can see your shopping cart at any time by clicking on the **View Cart** button.
